BOH Support

Here's a quick guide on how to
ace your upcoming Stint

Welcome to Street Pizza!

Since it's your first time at one of their restaurants, we wanted to give you the best tips for getting a 5 star review.

Firstly, let's look at your main tasks:

Primary tasks

Organising dirty items

Operating the dishwasher

Putting away clean items

Secondary tasks

Cleaning surfaces

Sweeping the floor

You may also be asked to:

Mop the floor · Polish service items · Take the bins out · Operate the dishwasher · Rinse and clear cutlery and ramekins · Handwash pots · Make pizza boxes · Restock shelves · Take out boxes · Prepare sauce ·

Top tips:

Wear the right uniform

Make sure you're looking smart and smelling fresh - check the requirements in the Stint app.

Turn up on time

Give yourself an extra 15 minutes to ensure you can find the restaurant and arrive on time.

Don't use your phone

Your full attention is required at all times, and using your phone makes you look disinterested. You will be caught by a team member.

Be friendly and enthusiastic

Introduce yourself with a smile and be positive in every interaction with staff and customers.

Keep yourself busy

Make sure you're being helpful. If you aren't sure what to do next, be proactive and ask!

Arriving at your Stint:

If you've done Stints at other businesses - it's the same as usual.

Let a member of staff know you've arrived and scan the QR code.

You'll be shown how to do the tasks in your Stint.

Get stuck in!
